OFF IN THE CHILLY NIGHT.

Off in the chilly night,
Ere slumber's chain hath bound me,
I pull the blankets tight,
And tuck them close around me.
Yet often still
Feel dreadful chill,
Without of warmth a token,
From bitter winds,
Through latter'd blinds
And window-shutters broken!
So in the chilly night,
Ere slumber's chain hath bound me,
I pull the blankets tight,
And tuck them close around me!

When I remember all
The times in wintry weather
That sheets and blankets fall
From off my couch together!
I really dread
To go to bed,
Lest after some hours' dozing,
Without a quilt,
I'd awaken "kilt."
And find myself half frozen.
So in the chilly night,
Ere slumber's chain hath bound me,
I pull the blankets tight,
And tuck them close around me.

THE RECONSTRUCTION ACT.

The following is a synopsis of the provisions of the Reconstruction Act. If the people of the South complain of the franchise being given indiscriminately to the negro they have only themselves to blame in their stubborn refusal to adopt the constitutional amendments:

The Act consists of a preamble and seven resolutions. The preamble declares that whereas no legal State Governments or adequate protection for life or property exist in the rebel States, therefore it is necessary that peace and good order shall be enforced until loyal republican Governments shall be legally established. The first section creates five military districts, as in the original second section of the Stevens bill. The President shall assign to each district a Brigadier General, with an adequate military force. The second section makes it the duty of such officer to protect all persons in their rights, suppress insurrection, disorder and violence, and to punish disturbers of the peace. He may allow local civil tribunals or Commissioners to try and punish offenders, but all interference by any so-called State authority is declared null and void. Section four requires trial without delay, and provides that no cruel or unusual punishment shall be inflicted, and that no sentence affecting life or liberty shall be executed until approved by the District Commander. Section five (the Blaine amendment, so called) provides that when the people have framed a Constitution which has been ratified by the popular vote, without regard to race or color except disfranchised by rebellion, and when the Constitution shall be approved by Congress and the Legislature elected under it shall have ratified the constitutional amendment, and when said amendment shall have been declared a part of the Constitution of the United States, then the said State shall be entitled to representation by members who can take the test oath. Section six is Doolittle's amendment, requiring sentence of death to be approved by the President before execution. The seventh section (the Shellabarger amendment) provides that until the people of the rebel States be admitted to representation in Congress, the present State Governments to be deemed provisional, subject to the paramount authority of the United States to abolish, modify, control or supersede. At all elections under the same only those shall vote who are entitled under the provisions of the fifth section. No person shall be eligible to office who would be disqualified under the third section of the pending constitutional amendment. Each of the acting Governors in the South have the right to issue a proclamation calling a Constitutional Convention, under the provisions of this Act. And whether such Conventions be called or not, no election can be held hereafter in the South without impartial suffrage. This is secured by the Shellabarger amendment.

SEMI-WEEKLY ENQUIRER.

SATURDAY, MARCH 30, 1867.

THE HYDRAULIC WHEEL.—Our readers will remember that about three weeks ago we gave a slight description of this wheel, invented and for which a patent has been applied for by Mr. O'Neal, of this place, through the agency of the *Scientific Press*, of San Francisco. On Thursday, a miniature quartz mill, so far as the wheel stamps are concerned, was put up by Mr. O'Neal and, water turned upon it, when it was found to operate in every way satisfactory, raising and dropping the stamps about 100 times per minute. The inventor informs us that with his wheel thirty-five inches of water with a fall of one hundred and fifty feet a wheel seven feet in diameter will make one hundred and fifty revolutions per minute, carrying eight stamps of six hundred pounds each. The superiority claimed for this wheel over others that are now in use, is that it requires less water to give a greater power, and can be made equally applicable to every description of machinery. Those about to put up mills would do well to consult Mr. O'Neal, as he will put up his wheel at his own risk and if it does not answer the purposes and uses which he claims for it, no charge will be made. Any one can examine the model which was in operation on Thursday by applying at the carpenter shop above the theater.

STUPID ROBBERY.—Our town was startled on Thursday morning by the report that a very bold highway robbery had been committed the night before at Alta. Soon after, the victim, a Canadian Frenchman by the name of Silver made his appearance. And a shocking sight he was; both eyes blackened and nearly closed, his cheeks livid and puffed, his lips nearly cut off, and all his features terribly bruised. A warrant was sworn out, and Constable Greeley soon returned with the robber, a young man named Lewis, a powerful and ferocious looking wretch. In the afternoon he was examined before Justice Aubrey and committed to jail to appear before the Grand Jury, or give bail for \$5,000. It appeared from the testimony that Lewis had come to Alta a day or two ago with very little money which he had soon spent, and then began to borrow. And Silver had been working at Blue Bluffs and arrived in Alta about the same time with \$107 in his pocket, and started in to have a good time. He had spent for liquor and in gambling some \$25, but he had wrapped up in a piece of paper, three twenties, two tens and a five. In the afternoon Lewis had said he would rob the Frenchman; and at 4 o'clock he was out of money and borrowed a dollar and tried to get more. About dark he invited Silver to supper with him at his sister's. They went off together. About ten o'clock Silver came back all bruised and bloody, and said while coming back from supper Lewis had knocked him down, kicked, stamped on, and robbed him. Soon after Lewis appeared with a twenty dollar piece and wanted change to redeem a watch he had pawned for \$7.50. If a more stupid and brutal crime has been committed anywhere of late we have not heard of it.

MONEY OFFICE.—The Dutch Flat Postoffice having been designated as a money office, our Postmaster informs us that everything is in readiness to commence operations save the books necessary, the bonds, papers, blanks, etc., having been on hand some time. This system is said to operate to the great convenience of those desiring to transmit small sums, which can be done with perfect safety and at but a trifling expense. When this office is in working order the public will be duly notified.

We have just received a note from the attentive and efficient Postmaster at Colfax informing us of the non-arrival at that place of our Wednesday's issue. We cannot account for this neglect of duty any other way than by throwing the entire responsibility upon the Postmaster at this place. We delivered the papers at the Postoffice, including the Colfax package, at 10 o'clock on Tuesday night, and if the bundle failed to arrive at Colfax, it is certainly owing to the negligence of the Postmaster.

WITHDRAWN.—We learn through a reliable source that the Hon. James E. Hale, of Auburn, who was announced as a candidate for the office of Attorney General of this State has relinquished all pretensions to that office and will be a candidate before the next Union State Convention for the office of Secretary of State, an office he is eminently qualified to fill and one to which he entitled to from the party for whose principles he was so zealously labored and for which he has rendered such good service.

ACCIDENT.—On Thursday morning last while Mr. S. R. Kidder was engaged in repairing his flume in Squire's canyon, near this place, the ax which he was using glanced and cut a gash across the right foot, severing several of the cords. Dr. Wilson, in the absence of Dr. Nelson, attended to the dressing of the wound and rendering such other assistance as needed. We learn that the injury sustained is quite serious and will keep Mr. Kidder to his room for some time.

CATCH.—John Chinnaman having an urgent necessity for a pair of pants, walked into a Jew store in this place and while the salesman had his back turned toward him walked off with the pants, forgetting to leave an equivalent—demonstrating that the store-keeper was caught—napping.

MIXING.—At Dutch Flat and Gold Run within a circle of a radius of a mile and a half, there are about forty-five hydraulic claims now worked. And the daily product is not far from \$5,000.

MINING ACCIDENT.—Thomas Dunn, formerly from Oxford county, Canada West, was killed near Columbia, Sonora county, by the caving of a bank in which he was at work, on Monday, the 21st. He leaves a wife and one child.

DON'T LIKE THE COMPANY.

Since our issue on Wednesday last in which we stated that the Copperhead Central Committee of this county had appointed Mr. J. H. Runkle, of this place, one of the committee to attend to seeing that the Democrats of this vicinity are properly registered and otherwise properly instructed to make them American citizens, Mr. Runkle has called upon us and desires us to announce that his appointment upon the committee referred to was entirely without his knowledge or consent; that he does not belong to the Democratic party, nor hold any political affiliation with it; nor has any particular interest in the registration of the members of that party; that he is a quiet citizen and not a noisy politician, attends to his own business, and when election day comes round votes the Union ticket. So, after the grand flourish of trumpets as made by the *Herald* in recording the proceedings of its Central Committee and parading the names of persons on its sub-committees, it seems that they had to draw on the Union party for some of its members, and terrible to tell, their draft has not been honored, showing conclusively that they are bankrupt in such principles as are worthy the acceptance of true Unionists and patriots. O, what a fall for the great Democratic party; not able to find a sufficient number in their ranks to fill their sub-committees! The chances of a victory for the Democratic party are getting indeed small, when the managers are forced to resort to such shifts to make a respectable showing. In looking over the list of members composing the committees at other precincts in the county, we think we detect the names of several persons who will feel as greatly mortified as did Mr. Runkle at being called with the Copperheads, and will very properly refuse to take any part with the junta at Auburn or elsewhere. We are opposed to libel suits as a general thing, believing that the injury done by one publication can be repaired—ordinarily—by another; but when a man has enjoyed a reputation for being a good citizen and a patriot is classed as belonging to the latter-day Democracy, we rather think an action for damages could be sustained, and it probably would be commenced were it not for the well known poverty of the party.

We have heard it hinted that the Democratic Central Committee of this county, considered that the party was indebted to the people for their great forbearance for the past three or four years, and concluded to charge themselves exclusively with the duty of registering the voters of this county, which would certainly be very kind and acceptable were it not for the existence of numerous and grave misgivings on the part of the people as to the confidence to be placed in the party, it having been recalcitrant to every trust placed in it, we cannot now, knowing its faithlessness, trust it with this little business.

BUSINESS DIRECTORY.—We have received from the compiler the first volume of the Pacific Coast Business Directory, a work of 568 pages embracing the directory proper, and 195 pages of advertisements. With the space at our command it is almost impossible to give the reader a fair idea of the importance and usefulness of this work to the business and professional men on this coast. It is the most complete work of the kind ever published in this or any other country, making an elaborate directory, containing the name and postoffice address of each merchant, manufacturer and professional residing in the states of California, Oregon and Nevada, the territories of Washington, Idaho, Montana and Utah, and the colony of British Columbia, together with an exhibit of the resources of the Pacific Coast. In order to more clearly define the contents of the work, we copy the following from the preface: "The first part of the work contains the organization of the different departments of the Federal Government on the Pacific Coast, and the officers thereof, with a variety of useful data of a general character; the organization of the different States and officers attached thereto, with appropriate reference to the various departments of each; a carefully prepared exhibit of the resources of the States and Territories included in the plan of the work. In this department the agricultural, the mineral, the commercial and the manufacturing interests each have received careful attention, and a large amount of valuable information, including an important contribution upon the mineral resources of California, by W. S. Keyes, Esq., will be found contained therein more complete and thorough in its details than any hitherto published. Part second embraces a gazetteer of the counties, cities, and towns of the Pacific Coast, the local officers governing the same, with the address of each merchant, manufacturer and professional, arranged under the head of the business or profession in which he is engaged. The number of the different addresses referred to in these departments of the work will exceed fifty thousand. An analytical table of contents, and a full and complete index, are added, which will exhibit at a glance the variety and character of the subjects referred to in the work, and greatly facilitate reference thereto." The agent for the sale and delivery of this work in Placer county, will be here in a few days when persons can judge for themselves of its character.

FATAL ACCIDENT.—A young man named James R. Gordon, says the *Plumas National* of the 16th, was accidentally killed at the Indian Valley Ledge last Sunday night. "The chute leading from the ledge to the mill, became clogged with quartz, which Gordon was endeavoring to loosen with a crow-bar, when he fell into the chute and was carried below with the mass of rock, which completely buried him. He was uncovered as soon as possible after the accident was known, but too late to save his life. He was buried by the Good Templars, of which Order he was a member."

"NOT DEAD, BUT SLEEPETH."—D. O. McCarthy announces to the public that his paper the *American Flag*, will wake up from its Van Winkle slumber sometime about the 15th of April, proximo, and that it will be found battling for the supremacy of the Union party. It will not be conducted on so expensive a scale as formerly. We don't know, but rather think the necessity for a good Union paper ceased when the *Daily Times* made its appearance.

A CHINAMAN at San Juan, Nevada county, killed a countryman on Sunday last. The dispute arose over the ownership of two bits.

MR. ENQUIRER!—Your last Wednesday's issue contained an account of the Amateur Dramatist's performance of the preceding Saturday evening with particular reference to the play of "Gum Boots," suggesting its repetition, as many who had been unable to attend would like to see it. It is understood that the Dramatists are very busy preparing a new piece and will not be able to respond to the request immediately, but this is not considered a good reason why persons who were kept away from the performance by press of business, or other presses, should not have a glimpse of it immediately, and the following attempt at illumination is offered: In the play of Gum Boots the curtain rises upon a view of the celebrated Dutch Flat creek; Diana, with forty in her train, sweeps down from the hills and prepares to effect a crossing when Vibrante is discovered in the bulrushes, stirring things up. In a spirit of levity he begins passing glasses, who, incensed thereat, lets fly a shaft of white fire, and paralyzes his right hand. Stung by pain and remorse he falls upon his knees and implores forgiveness, when Diana returns to her quiver a second shaft which she had been preparing for his punishment, and majestically sweeps on, leaving him in the dust. Vibrante's train, holds opposite Vibrante, unslung her bow, plucks an arrow, and thus addresses him: "Who art thou that thus invades Diana's grounds, angering her with unseemly mirth, crushing the water lilies, staining the bright rushes, wounding the tender tules, stirring the liquid stream to liquid mud, and making Nature hideous? Speak, thou Polyphemus fright with snakes about thy curling, and hasten thy defense, or Minerva's self shall shield thee, not against my swift-winged shaft!" Vibrante, who has been vainly endeavoring to rise, but finds that he has become hopelessly imbedded in the creek replies: "O, Atlanta, in my extremest need I invoke thy aid! with thy lacteal hands, puissant in their weakness, raise me from this sticky ooze, lift the Gorgon mask whence all my sorrows come!"

Who art thou that calls Atlanta's name? Arethusa Calista, hither, and with thy arrows lift the mask but with thy points touch not the sleeping snakes. Behold! Meleager, Atolia's prince! Meleager, by what strange impulse, dost thou stir the oozy creek?" Vibrante, who has been vainly endeavoring to rise, but finds that he has become hopelessly imbedded in the creek replies: "O, Atlanta, in my extremest need I invoke thy aid! with thy lacteal hands, puissant in their weakness, raise me from this sticky ooze, lift the Gorgon mask whence all my sorrows come!"

MEDICAL.

FRENCH MEDICAL OFFICE.

Dr. JULIEN PEREAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the St. John Baptist Society of San Francisco.

Dr. PEREAULT has pleasure in informing patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms 9, 10, 11, first floor, up stairs entrance either Montgomery or Sacramento streets.

Dr. PEREAULT's studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in Impotence and sterility, and permanently induce all the concomitants of old age. Where secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterwards.

Patients, laboring under this complaint, will complain of one or more of the following symptoms: Nighturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Urinary Organs on going to stool or making water, the Urinary Facilities are Weakened, Loss of Memory comes, Ideas are clouded and there is a disinclination to attend to business, or even to reading, writing or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are Weakened and sleep disturbed.

By dreams, melancholy, sighing, palpitations, fainting, coughs and slow fever, while some have external rheumatic pain, and numbness of the body. Some of the most common symptoms are pimples in the face and aching in different parts of the body. Patients suffering from this disease, should apply immediately to Dr. PEREAULT, either in person or by letter, as he will guarantee a cure of Seminal Weakness and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage (Gonorrhea, Ulcer, Stricture, Bubo Ulcers, Chancres, Eruptions, etc.) will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

Dr. PEREAULT's diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation, claim not to know everything, nor to cure everything, but we do claim that in all cases taken under treatment we fulfill our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.

Low charges and quick cures. Ladies suffering from any complaint incidental to disease, can consult the doctor, with the assurance of relief.

Female Monthly Pills.

Dr. PEREAULT is the only agent in California for Dr. Borg's Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to Dr. PEREAULT, corner of Sacramento and Montgomery streets, Rooms 10 and 11, or Box 973, P. O., San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc.

MEDICAL.

DR. CHAS. H. TOZER'S
PRIVATE MEDICAL INSTITUTE,
N. E. Corner of Kearny and Jackson Streets,
SAN FRANCISCO.

The Great Eradicator of Special complaints, formerly of Locke Hospital, London, Eight Years in Sacramento, and the last Four Years in San Francisco.

DR. TOZER'S
Experience is of forty years' standing, and during that time he has met with unparalleled success in the treatment of all those diseases generally known as Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain being the seat of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek advice in time, thereby saving themselves a world of suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the limbs, Headache and an aversion to general society, especially that of females. There are a great many more, but these are sufficient, and should you be suffering from any of them, call on Dr. TOZER, and he will cure you in a short time, without any interruption to your business or state of case by letter, and there will be no occasion for your calling at the office.

Stricture of the Urethra
Is another formidable enemy to health. Send for one of my circulars on that disease, and learn yourself of its terrible results. The worst cases cured in a few days.

Venereal Diseases.
In all their various forms, either Primary, Secondary or Hereditary, completely eradicated from the system. Your constitution being restored to perfect health, there will be no danger of handing down to your children that terrible disease known as Scrofula.

Syphilitic Disease.
As it presents itself on this coast, is of a more formidable character than that seen in the Atlantic States or Europe, arising from the fact of its being a compound of Spanish, Chinese and Sandwich Island disease. Those of you who have visited the two countries do not deny the deadly effects of it on the native and foreign population. It requires altogether different modes of treatment.

The Old Formulas
Of Ricord, Acland, and others, are of little account, except to dry up the disease on the surface, leaving the poison in the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. These facts I have learned by experience, and think I can say without boasting that I have seen more practice in these diseases than any other physician in San Francisco, dating as it does, from 1848. It becomes you, therefore, to think well before you employ a physician. Who is the proper one to consult? An old experienced one, or one who has recently settled among you?

My plan is purely vegetable, destroying the disease and purifying the blood so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia,
And diseases arising from the use of mercury, such as pains in the skin bones, swellings of the different joints of the body, running sores, etc., and impurities of the blood, cured in a short time by the use of my VEGETABLE MIXTURES, known only to myself.

Seminal Weakness.
Should you be afflicted with any of the following symptoms, such as weakness of the Back and Limbs, Pains in the Head, Dimness of Vision, Nervousness and General Debility, Loss of Memory, Confusion of Ideas, and Depression of Spirits, etc., Forwarding, Self-distrust, and an aversion to society, consult Dr. TOZER at once, and he will restore you to perfect health.

To Females.
When you are afflicted with Weakness of the Back and Limbs, Head, Loss of Muscular Power, Palpitation of the Heart, Irritability, Nervousness, Extreme Urinary Difficulties, Derangement of the Monthly Stitches, Sterility, and other diseases peculiar to females, consult Dr. TOZER, and you will receive particular attention. Let no false delicacy prevent you, but apply at once, and save yourself from painful suffering and premature death.

My rooms are so arranged that there is no danger of exposure, and of nursing any one save the Doctor. My FEMALE MONTHLY PILLS were never known to fail in giving relief to those cases for which they are recommended. To be obtained only at my office.

Price, FIVE DOLLARS—with full directions on each Box. Sent by Mail or Express.

To Correspondents.
Patients of either sex, residing in any part of the country, however distant, who may desire the opinion and advice of Dr. TOZER, will receive a written statement of their case to the Doctor, receiving all the attention and medicines necessary to effect a cure, without necessity of a personal interview.

All letters strictly confidential, opened and replied to by the Doctor himself.

Consultation at the office or by letter, FREE.

Cure in cases of Guaranty and Refund.
Office hours from 9 A. M. to 9 P. M.

A Grateful Acknowledgment to Skillful Gentlemen.
Dr. Chas. H. Tozer.—Dear Sir: You will excuse me for not writing to you sooner. I have not remembered me as the individual who called on you for assistance about a year ago. The roof of my mouth had become inflamed, and my palate dropped and there remained, stopping up the passage so that I could hardly eat. You remember you cut it out at once, which relieved me immediately, and I was enabled to swallow food and in a short time began to improve. I took your medicine, and followed your directions for several months. You finally succeeded in stopping the disease, saving my nose and upper lip, though you frequently cautioned me about losing it. I continued to improve until you finally recommended me to go into the country, and before going, by your advice, I had a cast taken of my mouth, in order that I could have a plate made for me to enable me to speak so as to be understood, and am now using it. My eternal thanks are due to you for the perseverance and skill that you displayed in my case; and I have to thank you for my restored health, and even my life, as I was very near bleeding to death several times from the nose. I am now in Sacramento City, enjoying the best of health, and I shall recommend all my friends to call on you, should they be so unfortunate as to require assistance; and I would advise all persons to avoid certain venereal diseases in your city, for they will send them to a land from whence no traveler returns.

With my best wishes for the success of both of you, I remain, yours, etc.
To Dr. Chas. H. Tozer, San Francisco, Cal.

MEDICAL.

PRIVATE MEDICAL AID.
QUICK CURES—AND MODERATE CHARGES.

DR. W. K. DOHERTY'S
Private Medical and Surgical Institute
Sacramento Street, below Montgomery, opposite the Pacific Mail Steamship Company's Office. Private entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and scientific medical aid in the treatment and cure of all Private and Chronic Diseases, cases of Sterility and all Sexual Disorders.

TO THE AFFLICTED.
DR. W. K. DOHERTY returns his sincere thanks to the numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages, Seminal Weakness, and all the horrid consequences of self-abuse, Gonorrhea, Gleet, Stricture, Nerve and Diurnal emissions, Sexual Debility, Diseases of the Back and Loin, Induration of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to ensure him a share of public patronage. By the practice of many years in Europe and the United States, he is enabled to employ the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable way, and has references from men of known respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and implicit recovery.

Dr. DOHERTY would call attention to the following certificates from two of his patients, who, having fully recovered their health, desire to make known their remedial agent. It will be seen their statements are fully authenticated by a Notary Public.

The welfare of society imperiously demand their publicity and they are given more to warn the unwary than to praise the praise of a Physician, of whom hundreds of like cases can be cited during a practice of more than fifteen years.

Dr. DOHERTY.—Dear Sir: I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgment for your valuable services—particularly as your fee was small for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with Stricture. Being a stranger in this city, and believing those Doctors who gave such positive assurances of success were necessarily the best, (some of whom have a large number of titles,) I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money.

I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the Stricture is all removed, and my general health is better than it has been for years.

In conclusion, I would say to the many unfortunate who require medical advice, if you have any doubt as to whom you may employ, ask Dr. DOHERTY for my address and call and see me. (I keep store in this city.) My experience may save you many dollars.

I would also add that in the early stage of my disease, I used a large amount of the preparations of some of the most celebrated Physicians, and, but never derived any benefit from them.

I am, Doctor, very truly yours,
San Francisco, June 16, 1864.

Seminal Weakness—A Sworn-to Certificate of a most Remarkable Cure of Spermatorrhea.

A desire to benefit humanity, and a feeling of gratitude to Dr. W. K. DOHERTY, alone induces me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhea," or Seminal Weakness, the result of self-abuse, but till 1855 experienced but little trouble or inconvenience. In the year however, I had Seminal Weakness to an alarming extent, which was soon followed by the most alarming symptoms as weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind, too, was afflicted to such an extent as to seriously impair my memory; my ideas were confused and spirits depressed. I was averse to society, had evil forebodings, and self-distrust, and was entirely unfit for any of the duties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could find, and spent of the best of my money, but in no case did I obtain more than temporary relief. I had about concluded there was no relief for me in this world, but seeing Dr. DOHERTY's advertisement, I thought I would call and see him, as he charged nothing for consultation. I had an interview with Dr. DOHERTY at his office, in Sacramento street, and he was so kind as to examine me, and I determined to try him, though I did not expect much benefit from his treatment. On the 5th of December last I placed myself under his care in one week I found myself much improved, and in a few days after five weeks' treatment, I feel myself thoroughly cured of all my troubles and in the enjoyment of the best health. Hoping that my experience may be of benefit to others similarly afflicted, I subscribe myself

Subscribed and sworn to before me, this 15th day of January, A. D. 1864.
[L. S.] A. G. RANDALL, Notary Public.

To Females.
When a female is in trouble, or afflicted with diseases as weakness of the back and limbs, pain in the head, dimness of sight, loss of muscular power, and general debility, nervousness, and all the extreme urinary difficulties, derangement of digestive functions, general debility, vaginitis, all diseases peculiar to females, they should go at once to the celebrated female doctor, W. K. DOHERTY, at his Medical Institute, and consult him about their troubles and disease. The Doctor is effecting more cures than any other physician in the State of California. Let no false delicacy prevent you, but apply immediately and save yourself from painful sufferings and premature death. All Married Ladies whose delicate health or other circumstances prevent an increase in their families should write or call at Dr. W. K. DOHERTY's Medical Institute, and they will receive every possible relief and help. The Doctor's offices are so arranged that he can be consulted without fear of observation.

To Correspondents.
Patients residing in any part of the State, however distant, who may desire the opinion and advice of Dr. DOHERTY on their respective cases, and who think proper to submit a written statement of such, in preference to holding a personal interview, are respectfully assured that their communications will be held most sacred, Dr. DOHERTY takes this opportunity of observing, that all letters are only opened and replied to by himself, and the latter as promptly as possible.

If the case be fully and candidly described, personal communication will be superseded, as in the case of Dr. DOHERTY, and the general treatment of the case (including the remedies), will be forwarded without delay, and in such a manner as to convey no purport of the letter or parcel so transmitted. Consultation by letter or otherwise, is permanent cure guaranteed or no pay. Address,
W. K. DOHERTY, M. D.,
San Francisco, California.
